

PRECISION REGULATOR MAIR

Panel mounting

REGULATOR PERFORMANCE

Sensitivity: 0.2% F.S.
Repeatability: $\pm 0.5\%$ F.S.
Set pressure range: 0.005~0.8 MPa

BRACKET

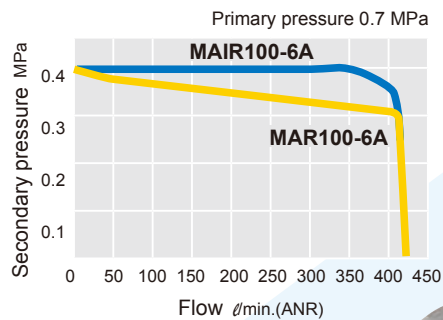

Convenient design, quick mounted bracket, can also be installed on the panel.

COMPATIBLE with MODULAR

MAIR200 can be assembled with MA*302 series.
MAIR300 can be assembled with MA*401/403 series.

STABLE OUTPUT PRESSURE

Compared with the MAR series, low pressure drop problem, better flow characteristics.

PRESSURE GAUGE

Pressure gauge can be mounted digital pressure switch.

COMPACT & LIGHTWEIGHT

MAIR100 width 35mm, weight 150g
MAIR200 width 50mm, weight 300g
MAIR300 width 68mm, weight 875g
